

The Australian Association of Family Therapy Inc. and Relationships Australia NSW are delighted to co-host Moshe Lang in a professional development workshop,

MOSHE LANG: Behind Closed Doors

Don't miss a rare opportunity to spend time with one of Australia's best known family therapists and industry elders, Moshe Lang, in Sydney for one of his last professional speaking engagements.

Giving us a glimpse into his 52 years of accumulated practice wisdom, Moshe Lang discusses his work captured in the revolutionary DVD set "Behind Closed Doors" in which skilled actors improvise two different scenarios, one a family and one a couple.

Through his skilful 'use of self', we see the way Moshe invites deep honesty and self-reflection among the family members in both these differing contexts of intimate relationships with extraordinary and moving results.

Co-hosts
